Starter Digital Package

The Starter Digital Package includes DSLR booth service, instant digital sharing, one premium backdrop, professional lighting, custom overlay, props, and an attendant.

Starter Digital Package pricing: 2 hours is \$450, 3 hours is \$575, and 4 hours is \$700. Additional time, travel, parking, venue fees, premium add-ons, or DJ services must be confirmed in writing and may increase the total service fee.

Agreement

This Service Agreement is between the client listed above (Client) and Booth Fairy Miami (Company). Company agrees to provide the event services selected in this Agreement and any attached written quote or invoice. This Agreement, together with any written quote, invoice, or approved addendum, is the entire agreement between the parties. Any change must be confirmed in writing by both parties.

Company currently provides DSLR digital photo booth services with digital photo delivery and instant digital sharing. Company does not provide print photo booth packages or 360 photo booth services under this Agreement. Company also provides premium DJ services when selected in the Services Selected section or in an attached written quote.

Service Period

Company will provide the selected services during the service period listed in the Event Details. Setup and breakdown time are not included in the paid service period unless expressly stated in the written quote.

Additional event time must be requested by Client and approved by Company. Overtime is subject to Company availability and will be billed at the overtime rate stated in the quote or invoice, or at a rate mutually confirmed in writing before overtime begins.

DSLR Digital Photo Booth Services

When DSLR digital photo booth services are selected, Company will provide a professional DSLR photo booth setup designed to capture high-quality digital photographs. The booth experience may include lighting, camera, booth station, attendant, digital gallery, and instant digital sharing features depending on the package selected.

Digital sharing may include text, email, QR code, online gallery, or similar delivery methods, subject to venue internet access, mobile carrier availability, device compatibility, and third-party platform performance. Company will make commercially reasonable efforts to support instant digital sharing during the event, but cannot guarantee uninterrupted wireless or internet-dependent delivery.

Client understands that no printed photo strips, printed photo cards, print packages, or 360 photo booth service are included.

Premium DJ Services

When DJ services are selected, Company will provide professional DJ entertainment for the service period listed in the Agreement or quote. DJ services may include music playback, basic event announcements, sound equipment, microphones, and lighting elements depending on the package selected.

Client is responsible for providing any required timeline, music preferences, must-play songs, do-not-play songs, pronunciation notes, special dances, announcements, and event formalities in advance.

Retainer, Payment, and Booking Confirmation

A booking is not confirmed until Company has checked availability, Client has signed this Agreement or approved the written quote, and the required retainer/deposit or payment has been received and confirmed by Company.

A non-refundable retainer/deposit equal to 50% of the total service fee is due when Client signs the contract. The retainer/deposit reserves the event date, time, staff, and equipment and is non-refundable to the extent permitted by applicable law because Company may decline other booking opportunities after reserving the date.

The remaining 50% balance is due on the day of the event unless the written quote or invoice states an earlier due date.

Changes, Rescheduling, and Cancellations

Any request to change the date, time, venue, service package, or scope of services must be made in writing. Changes are subject to Company availability, staffing, equipment availability, venue requirements, and any additional fees that apply.

If Client requests to reschedule and Company is available for the new date and time, Company may apply the retainer/deposit to the new booking at Company's discretion and subject to a written updated agreement or invoice. If Company is not available, the original cancellation terms apply.

Venue Access, Parking, Space, and Power

Client is responsible for ensuring timely venue access for setup and breakdown. Client must provide accurate venue details, load-in instructions, floor level, elevator access, parking information, and vendor rules before the event.

Client is responsible for parking fees, valet fees, loading dock fees, vendor permits, venue-required insurance charges, and access fees charged by the venue or property.

Outdoor Events and Weather

Outdoor service is subject to safe weather conditions, adequate covering, level ground, power safety, and venue approval. Client must provide weather protection from rain, wind, direct water exposure, excessive heat, and unsafe conditions.

Company may pause, relocate, delay, or end service if weather, electrical conditions, crowd behavior, venue conditions, or safety concerns could damage equipment or create risk.

Digital Gallery and Image Delivery

For DSLR digital photo booth bookings, Company will provide digital photo access through an online gallery, downloadable link, sharing platform, or comparable digital delivery method. Delivery timing may vary based on event size, internet access, file processing, platform availability, and package selected.

Client is responsible for downloading, saving, backing up, and archiving delivered files. Company may retain files for a limited period but does not guarantee permanent storage or indefinite gallery availability.

Client Content and Approvals

Client is responsible for providing logos, brand assets, event hashtags, names, dates, monograms, inspiration, music requests, timeline details, and required approvals by the deadline requested by Company.

If a digital overlay, gallery branding, or event-specific design is included, Company may provide a draft and reasonable revisions as stated in the quote. Additional revision rounds, rush changes, or changes requested after approval may require additional fees.

Model Release and Marketing Use

Unless Client opts out in writing before the event, Client grants Company permission to use event photos, videos, behind-the-scenes content, setup photos, and guest interaction content captured in connection with the services for Company portfolio, website, social media, advertising, and other good-faith business promotion.

Guest Conduct and Equipment Protection

Client is responsible for the conduct of Client's guests, invitees, vendors, and venue representatives. Company may pause or stop service if guests misuse equipment, interfere with staff, create unsafe conditions, or violate venue rules.

Client is responsible for damage, loss, or excessive cleaning caused by Client, guests, venue staff, or third parties, except to the extent caused by Company's gross negligence or willful misconduct.

Limitation of Liability

Company will make commercially reasonable efforts to provide the selected services in a professional manner. If Company is unable to provide a substantial portion of the selected service because of Company equipment failure or Company fault, Company's maximum liability will be limited to a prorated refund of the affected service fee.

Company is not responsible for service interruptions or losses caused by venue restrictions, power failure, internet failure, mobile network issues, guest conduct, weather, acts of God, government orders, emergencies, road closures, accidents, illness, or other circumstances outside Company's reasonable control.

Governing Law

This Agreement is governed by the laws of the State of Florida. Venue for any dispute will be in the county of Company's principal place of business unless applicable law requires otherwise.

Final Agreement and Signatures

Client has read and understands this Agreement. By signing below, Client confirms that all event details are accurate to the best of Client's knowledge and agrees to the terms above.
